## Preface

Life Sketches is a compilation of real life anecdotes of my early life in the city of Kolkata and later of my married life in Puttur, a small town in Karnataka.

The essays portray the nostalgia associated with childhood memories and also the simple joys of living in the country.

Many of the pieces have already been published as newspaper middles in The Deccan Herald and in The New Indian Express.

I like to think that anyone who finds Mother nature and human nature interesting will enjoy the book.

## Acknowledgement

This book would never have seen the light of day if it weren't for the encouragement I received from family and friends to collect all my stories into a book.
