Foreword

What is found here is found elsewhere.

What is not here, is nowhere!

The true author is God and Dr. Ravi Kumar L. P. is a writer of Heavenly Thoughts. I feel it is not of his description but God's prescription for him.

Nothing is ours. Nothing is yours. Nothing is good and nothing is bad. Goodness exists. And badness doesn't exist. There is goodness in all this. It is due to our mental view.

I recommend this book to you because it connects you to the inner world where only one resides, and that's you. It is a conversation within you, and the conclusions are facts of life.

I. Azeez
The National UN Volunteer

Preface

The secret to change is the word, because if the word gets into you, it becomes a divine power and a supreme force in you that creates an atmosphere around your life and gives your life divine direction and acceleration!

The success of a man is not by accident. Your life is built by what you expose it to.

The training you expose and give your mind and body to is what they respond to.

However, the training of your spirit is of utmost importance.

Give yourself training through the spirit to speak the word. The word will teach you how and what to think. Could the book be the words of God, the essence of the secrets of Heaven.

God bless us all.

Dr. Ravi Kumar L. P.
